

D-BLAZE[®]

BUILT-IN FIRE PROTECTION

The One World Trade Center in New York City was built with D-Blaze fire retardant treated wood as was the Chicago Navy Pier. D-Blaze was also used in the remodel of the Willis Tower, formerly the Sears Tower in Chicago.

- **Code Compliant (FRTW)**
Pressure-impregnated fire-retardant treated wood (FRTW)—not a spray-on fire retardant
- **GREENGUARD GOLD Certified**
FRTW certified GREENGUARD GOLD for low VOC emissions. GREEN GUARD is specified for use in sensitive environments such as schools, health care facilities, hotels, and multi-family construction projects.
- **50-Year Limited Warranty**
Backed by the longest warranty in the industry
